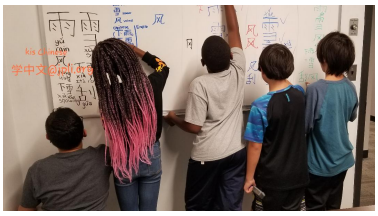
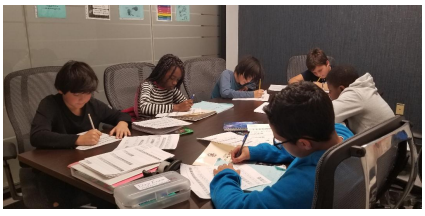
Children's Math + Language Classes





Get your child ahead of their peers!
Kids (6 - 11 yrs old) Math + Language

This class will focus on the Chinese/Singapore methods of Abacus and Arithmetic to advance students' math skills.
These methods have been used for centuries in Asia and have been proven effective in high level skill development.

JPLI guarantees your student will be 1 year ahead of their peers after taking 2 semesters of this course!

Classes begin January 11

Schedule a course placement interview

more information

This course uses a more advanced curriculum than public schools, and has a few requirements for success:

1. Students must be able to count from 1-100, and have a proficient understanding of the English alphabet and how to write.
2. Parents must be able to devote their time and attention to students in order to collaborate and assist them with the program if necessary.
3. Absences are not permitted unless specified for an emergency.
